Tommyco’s Rough Terrain, Flat Terrain Pro and Flat Terrain kneepads are the world’s only kneepads with patented pressure dispersing covers.

The outer feet are designed to make contact with the kneeling surface first. This action eliminates pressure from being applied directly to the delicate patella bone of your knee. A bridge is actually created over the kneeling surface, allowing pressure to be absorbed around the outer edges. This unique pressure dispersing action repeats itself over and over again allowing you to kneel in comfort throughout the workday.
TOMMYCO creates quality, innovative kneepads year after year.

Match the icons to your project

PROJECT: **Rough Terrain**
- Extended feet design creates a bridge to protect the knee over rough unstable surfaces.

PROJECT: **Hard Terrain**
- Anti-penetration covers slide or swivel over hard surfaces while protecting against sharp objects.

PROJECT: **Delicate Terrain**
- Durable outer covers will not mark or dent delicate surfaces while providing ease of movement.

PROJECT: **Flat Terrain**
- Flat articulating outer feet grip the surface to prevent slipping while providing excellent stability.

PROJECT: **General Purpose**
- Soft durable foam rubber kneepads are ideal for those small jobs at home or in the garden.

The **QUALITY** You Want For The Surface You Have!
2020 ROUGH TERRAIN KNEEPADS

Ideal over rough unstable surfaces.

Extended feet design creates a bridge to protect the knee over rough unstable surfaces.

Recommended Use:
Landscaping, Mining, Outdoor Terrain.
(Can also be used for installing Ceramic and Hard Stone Tiles.)
**EL777 GEL-PRO™**

Eliminator Rough Terrain

- Unique calf muscle fastening design eliminates straps from behind the knee
- Straps are positioned above and below the calf muscle to hold kneepads securely in place
- Pressure dispersing Rough Terrain cover with extended shin protection
- Two part injected polyurethane GEL technology for superior durability, comfort, and support

**DIMENSIONS** (LxW/DxH): 5.5 x 5 x 15"

UPC CODE: 0-55816-00778-1

WEIGHT (LBS): 2.3

EN 14404+A1:2010

2020
HARD TERRAIN KNEEPADS
IDEAL OVER HARD ABRASIVE SURFACES

Anti-penetration covers slide or swivel over hard surfaces while protecting against sharp objects.

RECOMMENDED USE: Over unfinished concrete and surfaces with exposed nails or screws. (Smooth round outer shells are good for installing carpet as well.)
EL999 GEL-PRO™
Eliminator Hard Terrain

> Unique calf muscle fastening design eliminates straps from behind the knee
> Straps are positioned above and below the calf muscle to hold kneepads securely in place
> Extended hard terrain cover protects the knee and shin area from abrasive surfaces
> Two part injected polyurethane GEL technology for superior durability, comfort, and support

DIMENSIONS (DxWxH): 6 x 6 x 15"
UPC CODE: 0-55816-99999-4
WEIGHT (LBS): 1.5

40061 GELite™
Hard Terrain

> Extra thick outer shell for added protection
> Breathable CoolFlow™ body helps prevent heat build up
> Upper quick clip fastening system combined with wide neoprene lower strap secures kneepads in place
> GELite™ insert provides added protection and superior comfort

DIMENSIONS (LxWxD): 6 x 4 x 9"
UPC CODE: 0-55816-40061-2
WEIGHT (LBS): 1.3

40190 T-Foam™
White Cap Hard Terrain

> Hard white cap provides protection against abrasive surface
> Low profile contoured shape hugs the knee for ease of mobility
> Super wide Neoprene strap provides superior comfort while securing kneepads in place
> Built with durable co-polymure protective padding

DIMENSIONS (LxWxD): 6.5 x 3.5 x 9"
UPC CODE: 0-55816-40190-9
WEIGHT (LBS): 0.8

HD449 T-Foam™
Hard Terrain Single Strap

> Smooth cover easily slides over various surfaces
> Removable hard cap creates a 2 in 1 kneepad
> Single elastic strap with hook and loop fasteners for easy on/off
> Built with durable co-polymure protective padding

DIMENSIONS (LxWxD): 5.5 x 4 x 7"
UPC CODE: 0-55816-04449-0
WEIGHT (LBS): 0.77
Soft articulating outer feet grips the surface to prevent slipping while providing excellent stability.

**RECOMMENDED USE:** Installing Ceramic Tile, Flat Stone and Wood Decking. (Soft Outer Feet will not mark Linoleum Tile or Hardwood Flooring.)
30002 GEL-PRO™
Total Flex Flat Terrain Pro
- Articulating feet with extended top for stability and greater range of forward motion
- Injected-molded polyurethane and gel technology for superior comfort and support
- Strapping system positioned above and below the knee eliminates discomfort behind the knee

DIMENSIONS (DxWxH): 6 x 6 x 15”
UPC CODE: 0-55816-30002-8
WEIGHT (LBS): 1.5

40032 GE Lite™
Articulating Flat Terrain
- Articulating air filled feet on cover flexes with the knee
- Breathable Cool Flow™ ventilated body helps prevent heat build-up
- Injected plastic button/clip strap connectors provide easy adjustment and secure fit
- Criss cross straps to help secure kneepads in place
- GE Lite™ insert provides added protection and superior comfort

DIMENSIONS (LxWxDxH): 6 x 3.5 x 8.5”
UPC CODE: 0-55816-40032-2
WEIGHT (LBS): 1.1

40011 T-Foam™
Ultra Flex
- Articulating feet grip the surface providing excellent stability
- Comfortable straps, easy to adjust
-Accordion top design helps secure kneepad as you get up and down
- Upper strap eliminates debris from getting under kneepad

DIMENSIONS (LxWxDxH): 7 x 4 x 8”
UPC CODE: 0-55816-40011-7
WEIGHT (LBS): 1.3

50200 T-Foam™
Single Strap Flat Terrain
- Articulating air filled feet on soft cover flexes with the knee
- Single elastic strap with easy on/off hook and loop fasteners
- Super soft NBR protective padding provides superior comfort

DIMENSIONS (LxWxDxH): 7 x 4 x 8”
UPC CODE: 0-55816-50200-2
WEIGHT (LBS): 1.3
